The Readers contain only the words the student has already learned up to that point. Eight have a complete short story that the beginners in particular really enjoy. The other two have lists of practice sentences. After the first 77 lessons the student, while still learning from the remaining lessons in either Alpha-Phonics or How To Tutor, is capable of working with a wide variety of outside practice reading books. The first five Readers in the Book deal with one short vowel each: a, e, i, o, and u. Book...
