Brand New Book ***** Print on Demand *****.Excerpt from Pharmacology: The Action and Uses of Drugs As a teacher of Pharmacology, the author was frequently asked by his pupils for a small and concise text-book which would give the facts essential to an elementary medical student without extensive discussions of opposite opinions. It has been in an attempt to supply such a work that the following pages have been written. Although the volume is small, all the standard literature was consulted and carefully weighed before being admitted or rejected, and the criterion was always to preserve all the essential, known facts regarding the action of drugs, but to reject vague and contradictory statements of no importance which would but confuse the beginner. At the end of each group description there is a brief summary of the general action; following the latter is a short statement concerning the uses and applications, and, lastly there is a concise description of the different preparations used in medicine with their doses. The author does not claim for the book that it is an exhaustive treatise on Pharmacology suitable for advanced students of the subject, but that it may be found useful to the ordinary medical students and also to the general practitioners who may use it to review their medical school instruction. As one of the leading pharmaceutical journals suggested in writing a criticism on the first edition, this volume might also be serviceable to pharmaceutical students for the study of drug action. In this second edition the author has attempted to incorporate all new facts in pharmacology or in pharmaco-therapy which have been developed since the previous edition. Some minor changes in group arrangement have also been...
