Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from New York Learns: A Guide to the Educational Facilities of the Metropolis New York Learns offers the first composite picture of New York as an educational center. Here one can glimpse the innumerable opportunities which the metropolis possesses for aspiring youngsters and oldsters; scarcely a field of human knowledge is omitted from this conglomerate curriculum. The book has been designed not only for educators, but for counsellors, social workers, and professional persons of all kinds as well as the general reader. Considering the multitude and variety of schools and other educational organizations in the city, a comprehensive study was beyond the scope of the Writers Project. Our aim was rather to choose representative samples of the various types of institutions. In many cases, choice was perforce arbitrary, and numerous schools or agencies which have been omitted doubtless are of equal rank with those described in this compendium. For this only the editors are to blame. As this book goes to press, certain changes are being contemplated in the public school system and in the activities of WPA. Naturally such proposed changes could not be incorporated in this text. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
