B514 2011a OCLC Number: (OCoLC)741763301 Subject: Securities -- Government policy -- United States. Excerpt: . . . 9 We brought emergency relief in 37 actions and obtained 57 asset freezes to preserve investor funds and distributed nearly 2 billion to harmed investors. During the past year, we have brought significant actions against individuals and companies arising out of the financial crisis, including cases involving companies such as Countrywide Financial, Morgan Keegan, Goldman Sachs, Citigroup, State Street Bank, New Century Financial, Indy Bankcorp, and Colonial Bank, to name just a few. We have brought significant actions arising out of the Foreign Corrupt Practices Act, as well as actions involving municipal securities and accounting fraud. We filed cases alleging insider trading by corporate directors and by hedge funds, using technology company employees posing as consultants in expert networking firms. Despite this success, the enforcement program continues to face significant challenges. Whether it be high-frequency trading, hedge fund performance, asset valuation, pension liability analysis, or any number of other areas, we are more and more faced with the need to understand and identify wrongdoing in products, markets, transactions, and practices that are increasingly complex, fast-paced, or both. For those reasons, our resource needs are most acute in the areas of IT, data access and analysis, human expertise, and para-professional and administrative support. I look forward to working with Members of Congress on these issues. Thank you. The joint prepared statement of Directors Khuzami, Cross, Cook, di Florio, and Rominger can be found on page 49 of the appendix. ARRETT Chairman G. Thank you.
