Distant Thunder: The U.S. Artillery from the Spanish American War to the End of the 20th Century

By Alejandro M. de Quesada

Pen & Sword Books Ltd. Paperback. Book Condition: new. BRAND NEW, Distant Thunder: The U.S. Artillery from the Spanish American War to the End of the 20th Century, Alejandro M. de Quesada, The twentieth century was a time of near total transformation of artillery. The U.S. Army was at the forefront of these developments. American troops fighting the Spanish in Cuba during the Spanish-American War were equipped with the 1885-model field gun; nearly a century later American troops fielded an array of accurate, advanced and precise weapons systems during the Gulf War. This unique pictorial history examines the weapons - from field guns to MLRS and TACMs - and the equipment utilized by American troops along with the uniforms and insignia of U.S. artillerymen. It looks at field artillery, coastal artillery, anti-aircraft and a diverse array of modern missile types and systems. This is a useful guide to a crucial part of America's twentieth-century armed forces and offers valuable insights into the evolving world of modern artillery.

Reviews

This composed book is excellent. it was actually writtern very perfectly and valuable. I found out this book from my i and dad advised this book to learn.
-- Maymie O'Kon

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Lupe Connelly
